Hon. Featherstone Osler,

80 Crescent Road,

Toronto.

Dear Mr. Justice Osler:

At the meeting of the Universities of the Dominion held last June various committees were appointed to consider the interests affecting the higher education of the Dominion in the Universities. One of these committees is to deal with Law, and the University is asked to nominate a representative. Presumably his duties would be performed by way of correspondence. I think that President Murray of the University of Saskatchewan is the chairman of that committee. It would be of great advantage to us if you could act as our representative on that committee. Will you allow me to forward your name to President Murray ?

Yours sincerely,

President.
